

MICHAEL R. SPRINGBORN

Associate Professor – Department of Environmental Science & Policy
University of California, Davis
530.752.5244
mspringborn@ucdavis.edu

ACADEMIC EXPERIENCE

University of California, Davis, Department of Environmental Science & Policy
Associate Professor (2015-present)
Assistant Professor (2008-2015)

EDUCATION

Ph.D. Environmental Science and Management (2008)
Economics and Environmental Science Training Program
Donald Bren School of Environmental Science and Management
University of California, Santa Barbara

M.A. Economics, University of California, Santa Barbara (2004)

B.A. Psychology, University of Colorado, Boulder (1999)

AREAS OF SPECIAL INTEREST

Environmental and resource economics, decision-making under uncertainty.

ARTICLES UNDER REVIEW

AWARDS AND HONORS

- UC Davis Graduate Program Advising and Mentoring Award (2020)
- Nominated for Associated Students, UC Davis (ASUCD) Excellence in Education Award (2009)
- Biodiversity and Ecosystem Services Training Network (BESTNet) fellow (2007)
- Selected participant and best student paper honor at the European Summer School in Resource and Environmental Economics, Venice International University (2007)
- Selected National Science Foundation IGERT fellow, U.C. Santa Barbara (2003-2008)

TEACHING EXPERIENCE

Courses developed and taught:

- *Climate Policy*. Undergraduate level. Spring, annually 2013-2018.
- *Environmental Policy*. Undergraduate level. Winter, annually 2009-2018.
- *Environmental Policy Analysis*. Ph.D. level. Spring, biannually 2010-2019.
- *Interdisciplinary approaches: Responding to rapid environmental change* (NSF-IGERT training course). Ph.D. level. Winter 2011.

OTHER PROFESSIONAL ACTIVITIES

Inaugural Chair – Masters of Science in Environmental Policy and Management, UC Davis
(2017-2019)

Editorial council member

Journal of Environmental Economics and Management (2015-present).
Journal of the Association of Environmental and Resource Economists (2014-present).
Journal of Agricultural and Resource Economics (2012-present).

NSF graduate trainer

Sustainable Oceans: From Policy to Science to Decisions NRT (2017-present)
Climate Change, Water and Society (CCWAS) IGERT (2011-2015)
Responding to rapid environmental change (REACH) IGERT (2011-2012)

Project adviser

UC Davis planning study, “Economic Valuation Method for Environmental Resources” for
California Department of Transportation (2009-2010).

Academic Service

Co-lead, working group on “Global Socioeconomic Drivers of Insect Invasions.” supported by the
National Socio-Environmental Synthesis Center (SESYNC) (2018-present).
Member, working group on “Ecosystem Federalism: Building theoretical and data-analytic
foundations for designing adaptive regulatory institutions for the provision of ecosystem
services.” supported by the National Institute for Mathematical and Biological Synthesis
(NIMBioS) (2017-present).
Member, working group on “Linking Trade, Biology, and Pet Owner Decisions to the Risk of
Vertebrate Invasions in the US” supported by the National Socio-Environmental Synthesis
Center (SESYNC) (2017-2019).
Member, working group on “Globalization of the Live Plant Trade: Informing efficient strategies
for reducing non-native pest invasion risk” supported by the National Socio-Environmental
Synthesis Center (SESYNC) (2013-2016).
Member, working group on “Synthesizing and Predicting Infectious Disease while accounting
for Endogenous Risk (SPIDER)” supported by the National Institute for Mathematical and
Biological Synthesis (NIMBioS) (2009-2011).
Member, UC Davis Agricultural Sustainability Institute, working group on “Nitrogen science,
climate change and agriculture” (2009-2011).
Member, working group on “Effects of trade policy on management of non-native forest pests
and pathogens” supported by National Center for Ecological Analysis and Synthesis
(NCEAS) (2008-2010).

Recent referee activity

*Science, Proceedings of the National Academy of Sciences, Journal of Environmental Economics
and Management; Journal of the Association of Environmental and Resource Economists
American Journal of Agricultural Economics; Journal of Economic Dynamics and Control;
Canadian Journal of Agricultural Economics; Ecological Economics; Environmental and
Resource Economics; Mathematical Biosciences; Conservation Biology; Journal of
Environmental Management.*
